INTERNATIONAL FASHION LAW

Legal expertise for fashion's digital transformation.

The First-Level Master in International Fashion Law in the Digital Age is an interdisciplinary academic program designed to prepare highly qualified professionals for the legal, economic, technological and strategic dynamics of the global fashion and textile industry.

The program combines law, innovation and sustainability, offering a comprehensive perspective on the transformation of the fashion system in the digital age.

01 **Fashion law**
Understand international markets and the legal frameworks governing fashion.

02 **Brand protection**
Apply intellectual property law to brands, designs and creative assets.

03 **Digital ecosystems**
Navigate e-commerce, emerging technologies, NFTs and the Metaverse.

04 **Sustainable fashion**
Integrate sustainability and circular-economy principles into strategy.
