

# Bachelor's Degree in Management Engineering

- 3 years
- 180 ECTS
- Bachelor's Degree
- Online
- Language: English

## THE BACHELOR

The aim of the **Bachelor's Degree in Management Engineering** is to train professionals able to take part in the analysis, design, implementation, and management of systems in the fields of computer science, automation, and management engineering.

## YOUR CLASSROOM IS THE WHOLE WORLD

Thanks to UNINETTUNO's psycho-pedagogical model, our students have 24/7 access to the online learning platform wherever they are. They join virtual classes coordinated by teacher-tutors, with the opportunity to interact with fellow students from around the world.

## CAREER OPPORTUNITIES

- Computer Industries operating in the fields of software and hardware production
- Companies in the fields of information systems, computer networks and telecommunications
- ICT divisions in public sector and service industries.

## STUDY PLAN

### Online Courses:

- Programming and Software Development
- Algorithms and Data Structures
- Information Systems and Databases
- Mathematics, Probability and Statistics
- Physics, Chemistry and Materials Science
- Electronics and Circuit Theory
- Engineering Economics

The Bachelor's degree provides a wide range of methodological and technical skills in information engineering, ensuring strong flexibility and adaptability to market demands.
