UNINETTUNO UNIVERSITY

One of the best online universities in Europe

WHY UNINETTUNO UNIVERSITY

Your online university experience, without boundaries.

01 Study with one of the best online universities in Europe.

02 Awarded with ECTS (European Credit Transfer and Accumulation System). UNINETTUNO University's degrees are recognised globally.

03 Video Lectures available 24/7 through UNINETTUNO Didactic Cyberspace.

04 Live tutoring and interactive classrooms with UNINETTUNO International Professors.

05 Students can take exams everywhere thanks to UNINETTUNO International Network and Partner Institutions.

MANAGEMENT ENGINEERING

Engineering expertise for modern organisations.

The International Bachelor's Degree in Management Engineering combines engineering principles with technological innovation and management competencies, preparing professionals to analyse, design, implement and manage complex systems.

The programme provides a broad methodological and technical background in information engineering while developing the analytical and organisational skills needed to manage innovation and respond effectively to the evolving needs of modern industries.

01 **Engineering foundations**
Build rigorous skills in mathematics, physics and engineering science.

02 **Software & data**
Understand programming, algorithms, databases and intelligent systems.

03 **Technology integration**
Connect information systems with industrial and organisational processes.

04 **Innovation management**
Bridge technical expertise and managerial decision-making.

HOW YOU WILL STUDY

A connected academic experience, wherever you are.

24/7 video lectures
Learn on your schedule through the UNINETTUNO Didactic Cyberspace.

Academic guidance
Study with UNINETTUNO international professors.

Globally recognised credits
Earn ECTS credits through an Italian accredited university.

Worldwide exam centres
Thanks to UNINETTUNO's international network of partner institutions, students can take exams worldwide.

PROGRAM STRUCTURE

Three years. One integrated perspective.

180 ECTS total

3 years, full online

01 First Year · Scientific and engineering foundations ×
Programming · Physics · Chemistry and Material Science · Mathematical Methods · Basic Circuit Theory · Economics for Engineering · AI and Data Science.

02 Second Year · Information engineering and software +

03 Third Year · Technology and organisational integration +

UNINETTUNO GLOBAL
YOUR UNIVERSITY ONLINE, WORLDWIDE

Study at UNINETTUNO and join a global network of ambitious students from around the world. Combine flexible online learning with international mobility opportunities, cultural and academic exchange experiences, continuous support from tutors and professors, and valuable opportunities for your academic, professional and personal growth.
